

Highlights

FROM LAST MONTH

Are you caring for a loved one with dementia?

We Can Help.

Aegis

Dementia Caregiver Support Group
PARK SENIOR VILLAS
4950 S. Lindsay Rd., Chandler, AZ 85249

If your family member or someone you care for has Alzheimer's or a related dementia, join us to share feelings, experiences and self care strategies with others in similar situations.

Alzheimer's Disease and symptoms of dementia are life-changing for both those who are diagnosed and those close to them. Our support provides a safe place to connect with other caregivers in a warm trusting environment.

ASSISTED LIVING & MEMORY CARE
COMMUNITIES

NOVEMBER 2021

RESIDENT SPOTLIGHT

Walter Evoy

Walter "Walley" Evoy was born in Hollywood, California. He has lived most of his life in Mesa with his brother and their King Charles Cavalier dogs. Walley says his biggest accomplishment is graduating high school. He loves all things Johnny Cash and can listen to his music all day if he could. Walley loves all country music. His favorite TV show is the Price is Right and he also enjoys collecting wrestling cards. We all want to welcome Walley to the Park family. We love having him here. He always has us laughing and rocking out to great music.

EMPLOYEE SPOTLIGHT

Kaleb Nazareff

Kaleb was born and raised in Clovis "Fresno" California. He is an only child and lived with his mom and dad until he moved to Arizona in 2019 to pursue his dream of becoming a nurse. Kaleb has been here in the Chandler area ever since. Currently he is one of our assistant caregivers and is working on becoming a certified caregiver to continue with his goals of becoming a nurse. He loves working at Park Senior Villas because he "feels like he is doing God's work" and it is such an honor caring for elderly. Some of his hobbies are hiking, rugby, working out, developing a clothing line for children, and learning how to work with film. Kaleb is a valuable part of our team and we love having him here.

PARK WELLNESS CORNER:

Alzheimer's is the most common cause of dementia, a general term for memory loss and other cognitive abilities serious enough to interfere with daily life. Alzheimer's disease accounts for 60-80% of dementia cases.

Alzheimer's disease, from the brain is reasonably likely to reduce cognitive and functional decline in people living with early Alzheimer's. Today, there is a worldwide effort underway to find better ways to treat the disease, delay its onset and prevent it from developing!

Join us in the fight against Alzheimer's and support our community!
